Arch. Job #219051

ADDENDUM NO. 2

March 13th, 2020

This Addendum forms a part of and modifies the bidding and contract documents of the Project referenced herein. Please Acknowledge receipt of this Addendum on Bid Form. Where any original item called for in the Project Manual or indicated on the Drawing is supplemented hereby, the supplemental requirements shall be considered as added thereto. Where any original item is amended, void, or supplemented hereby, the other provisions of such items not specifically amended, voided, or supplemented shall remain in effect.

The Drawings and Specifications dated 01-08-20 for the Buffalo Harley Davidson, Project, are amended in the following particulars only.

GENERAL:

1. To confirm the existing sprinkler system is being extended into the new addition. Davis-Ulmer are the Contractors that put in the original system.
2. Provide alternate adding a new branch circuit and electric panel to the existing electric panel room.
3. New downspouts are going to discharge on to pavement. No connections are going to be made to the exiting storm system.

SPECIFICATION:

1. **02 32 00 Geotechnical Engineering Report** - Omit spec from book and replace with the attached Geotechnical Engineering Report.

STRUCTURAL

1. Add 5 psf minimum to the collateral load to account for the extended sprinkler system and mechanicals.
